GORE SYSTEM[®]

Dr Satishchandra Gore

- Last 25/42 years devoted to study and development of transforaminal stitch less spine surgery under local anesthesia and sciatica. I started this in India and have highest Indian number of TFE cases.
- Consultant to **karl storz** on design and instrumentation for "**gore system**".
- Publications which form the **state of art in spine endoscopy and stitchless spine surgery** since 2001. including few chapters in text books.
 - 1. **The “inside out” transforaminal technique** to treat lumbar spinal pain in an awake and aware patient under local anesthesia: results and a review of the literature.
 - 2. Endoscopic Foraminal Decompression for **Failed Back Surgery** Syndrome under local Anesthesia.
 - 3. Endoscopically Guided **Foraminal and Dorsal Rhizotomy** for Chronic Axial Back Pain Based on Cadaver and Endoscopically Visualized Anatomic Study.
 - 4. **Sciatica**: Detection and Confirmation by New Method.
 - 5. **In-vivo Endoscopic Visualization** of Patho-anatomy in Symptomatic Degenerative Conditions of the Lumbar Spine II: Intradiscal, Foraminal, and Central Canal Decompression. Yeung AT1, Gore S. Surg. Technology Int. 2011 Dec 1;XXI:299-319.
 - Recently books published on stenosis. missionspine.catalog.to
 - **Recently introduced new system for lumbar canal stenosis S M R U T II.**
