# Mohamed Fouad Ibrahim/Consultant of Neurosurgery Dubai 00971526925715 Mmfoad@hotmail.com

### Professional profile

Accomplished Consultant offers proven record of superior patient relation. Excellent command of neurosurgical, interventional pain and neurological treatment. Dedicated consultant of neurosurgery with 24 years of experience. Demonstrated history of meeting company goals and promoting best practices. Thrives under pressure and adapts to challenges with ingenuity and resilience.

Having vast experience gained through private work in KSA, Egypt, UAE and continuous medical training in courses in different aspects of neurosurgery (in Europe, Africa and Asia) besides good team work and coaching skills for trainees.

#### Certification

Licensed Consultant of Neurosurgery in UAE 2015- current Licensed consultant of neurosurgery in KSA 2009-2015 Licensed consultant of Neurosurgery in Egypt 2009- current

## **Professional Experience**

# **Consultant Neurosurgeon**

#### Saudi German Hospital (SGH), Dubai, UAE

June 2014 – Present

- Conduct daily outpatient consultations, managing a wide range of neurosurgical cases.
- Provide emergency neurosurgical care, including trauma management and surgical interventions.
- Established and trained a multidisciplinary neurosurgical team comprising specialists, GPs, nurses, and paramedics.
- Collaborate with a diverse team to enhance patient outcomes and surgical success rates.

#### **Professor of Neurosurgery (On Leave)**

#### Cairo University - Kasr Al-Ainy Hospital, Cairo, Egypt

November 2018 – Present

- Supervise and perform complex neurosurgical procedures.
- Oversee the training and mentorship of assistant professors, residents, and medical students.
- Lead in-patient management and follow-up care in the outpatient clinic.
- Deliver lectures and hands-on surgical training for final-year medical students and junior doctors.

• Organize and moderate departmental neurosurgical conferences.

# **Assistant Professor of Neurosurgery**

# Cairo University – Kasr Al-Ainy Hospital, Cairo, Egypt

April 2012 – November 2018

- Supervised neurosurgical procedures and patient management.
- Led academic and practical training for residents and assistant lecturers.
- Participated in clinical case discussions and multidisciplinary medical meetings.
- Contributed to research and development in neurosurgical advancements.

# **Consultant Neurosurgeon**

#### Saudi German Hospital (SGH), Jeddah, KSA

*March* 2007 – *July* 2012

- Managed complex neurosurgical cases in one of the leading trauma centers in KSA.
- Performed specialized procedures in spinal, neuro-oncologic, and vascular neurosurgery.
- Provided mentorship and hands-on training for junior neurosurgeons.

### **Lecturer of Neurosurgery**

# Cairo University, Cairo, Egypt

*April* 2006 – *April* 2012

- Conducted lectures and tutorials for medical students and residents.
- Supervised surgical training for neurosurgical residents.
- Managed administrative and academic responsibilities within the department.

### **Assistant Lecturer of Neurosurgery**

#### Cairo University, Cairo, Egypt

December 2002 – April 2006

- Provided specialized training in spine, pediatric, oncologic, and vascular neurosurgery.
- Assisted in conducting examinations and clinical evaluations.
- Actively engaged in research and academic writing.

#### **Resident of Neurosurgery**

## Cairo University, Cairo, Egypt

*March* 1999 – *March* 2002

- Received extensive training in adult, pediatric, and emergency neurosurgery.
- Developed post-operative care plans to optimize patient recovery.

• Participated in emergency trauma care and neurosurgical interventions.

#### **House Officer**

# Cairo University, Cairo, Egypt

March 1998 – February 1999

- Rotational training across various medical and surgical specialties.
- Assisted in patient management and participated in ward rounds.
- Worked on-call duties and provided emergency care.

#### **Education & Certifications**

- **Professor of Neurosurgery** (2019 Present), Cairo University, Egypt
- Membership of the Royal College of Surgeons (MRCS) (2012 Present), London, UK
- **Doctorate (M.D.) in Neurosurgery** (2005), Cairo University, Egypt
  - o Thesis: "Endoscopic Third Ventriculostomy in Obstructive Brain Lesions"
- Master's Degree in General Surgery (2002), Cairo University, Egypt
  - Essay: "Endoscopy in Neurosurgery"
- MB BCH in Medicine and Surgery (1997), Cairo University, Egypt
  - o Graduated with Honors (Excellent)

## **Key Skills & Expertise**

- Advanced Neurosurgical Procedures (Spinal, Vascular, Oncologic, and Trauma Surgery)
- Medical Education & Training
- Emergency & Trauma Neurosurgery
- Research & Clinical Studies
- Leadership & Multidisciplinary Team Management

# Languages

- English (Fluent)
- Arabic (Native)

#### **Professional Affiliations**

Member, Royal College of Surgeons (MRCS), UK

- Member, [Relevant Neurosurgical Societies]
- Frequent Speaker & Moderator at International Neurosurgical Conferences

#### References

Available upon request.

# Surgical scope

#### Spine surgery

- Microscopic/open Lumbar disc surgery
- Microscopic/open Cervical disc surgery
- Microscopic/open Canal stenosis
- Laminectomies and foraminotomies
- Lumbar, cervical and dorsal fusions
- Spinal tumors
- Endoscopic trans-foraminal Lumbar disc surgery
- Facet injection , radiofrequency and trans-foraminal injection
- Sacroiliac injection and coccydynia

#### **Brain tumors**

- Pituitary adenomas (trans-sphenoidal or trans cranial)
- Meningioma (convexity, parasagittal, sphenoidal or olfactory groove)
- Gliomas
- Posterior fossa tumors (midline, CPA)

# Pediatric neurosurgery

- VP SHUNTS
- Myelomeningocele, lipomeningocele, tethered cord
- Pediatric brain tumors
- Craniosynostosis
- Endoscopic third ventriculostomy
- Encephalocele
- Posterior fossa decompression and syringomyelia

#### Head trauma

- Repair of Skull fractures
- Intracranial hematomas(extradural, subdural or intracerebral)
- Cranioplasty(simple, complicated)
- Penetrating missile injuries

• Repair of post traumatic CSF leaks

# Spinal and cranial infections

# Peripheral nerve surgery

- Carpal tunnel syndrome
- Ulnar nerve release
- Peripheral n repair
